**“I’ve dedicated my career to supporting Veterans from all branches of our U.S. Military after serving the U.S. Marine Corp. in Vietnam (WESPAC). Many Vietnam Veterans enjoy life with their families today, thanks to life-saving medical services by the Veterans of our U.S. Public Health Service Commissioned Corps. performed upon their return. I appreciate meeting U.S. PHSCC Veteran Dr. Sanford S. Davidson. I hope our communities remain inspired to learn more about our U.S. Military achievements at home and abroad, and defend the leadership values of military experience from political exploitation.”**
