PVE Nextdoor Statements

D Dez M. • Malaga Cove
Bob,

Here is an email from the Sheriffs provided to the Council that states how they provide a faster emergency response time:

- more patrols than PVE
- patrolling only in PVE (not other cities)
- patrolling out of MC station

DISINFORMATION

We need an earnest discussion at City Hall about SAFETY.

We can't "Save the Police" when the Sheriffs provide greater safety services for half the price. These are the two issues our leaders need to address.

Dez Myers advocating to outsource police services

Betty Peterson · Malaga Cove ...
Dez knows keeping the PD is an important issue for majority of our residents. She will tell you what you want to hear to get elected.

The truth is:
Dez has been against funding our PD since before 2016. Is it possible to keep our PD without funding?

No funding = No Police.

Her lies cost the City to lose Measure D in 2017. The City resorted to using millions of dollars in its Reserves to keep our PD that year.

In 2018, her lies almost cost the City to lose Measure E, which currently funds our PD. Had Measure E been defeated, the City would have lost almost all of its Reserves.

How can she not want to fund the PD yet keep the PD?

How can she cut the funding (people), yet ensure the safety of our residents?

Transparency goes both ways. For all the times Dez tries to smear the credibility of the Council or the City by making false allegations and using misinterpreted/misrepresented data and disinformation as facts...these videos are her own words...against funding the Police Department.

- Myers opposed every single police funding measure in Palos Verdes Estates.
- Myers actively supported outsourcing police services to the Los Angeles County Sheriffs Department.
- Myers supported outsourcing police services to the Los Angeles County Sheriff's Department (LASD) even when the official report submitted to Council refuted her points that LASD would provide more patrols, faster response times and be exclusively assigned to PVE.

According to Dez, I'm a crook. Ask her about impersonating an city employee to gain access to the City's financial records. Who's the crook 🤔. The police union opposes Dez Myers.
